Subject: RE: Local Government Advisory Committee (LGAC) Solicitation for 2019 Nominations

Matt,

I have tried calling several times but your mailbox is full. We need to wait for one year with Kelly to put her on the LGAC as the Mayor of Oxnard is currently serves and her two year term will be up next year. We have 6 appointments that I try to make sure are geographically representative of Region 9. Accordingly we do not nominate two people that are in close proximity. Next year the Mayor's term is up and I can nominate Kelly to fill that seat for a new 2 year term. Feel free to call if you have any questions.

Best regards,
Michael Stoker
Regional Administrator, Region 9, US-EPA

Yes, Supervisor Long would like to serve on the Local Government Advisory Committee.

Thanks,

Matt Guthrie

Matt,

I think Kelly would be great on this Committee. Let me know if she'd be interested.

Best regards,
Michael Stoker

Subject: Local Government Advisory Committee (LGAC) Solicitation for 2019 Nominations

Good afternoon,

EPA's Local Government Advisory Committee (LGAC) provides critical advice to the Administrator and Senior Leadership on the development and implementation of Agency programs at the local level. We are seeking your help to identify nominees for the LGAC and for the Small Community Advisory Subcommittee (for communities under 10,000) by **March 15th**. We anticipate that we will fill 10-12 vacancies. For more information, go to: <https://www.govinfo.gov/content/pkg/FR-2019-02-21/html/2019-03000.htm>.

Candidates must hold current local, state, and tribal government elected and/or appointed positions (see attached LGAC Charter). Nominees must be willing and able to attend **2-3** meetings a year. The LGAC has one standing subcommittee which is the Subcommittee on Small Communities (SCAS), focused on small communities under 10,000.

In addition to experience in local and/or state government, additional criteria to be considered may include:

- Experience with public-private partnerships; coalition-building and grass-roots involvement; implementation of environmental regulatory programs, whether federally-delegated, state-required or locally-mandated, including permitting programs;
- Experience in water infrastructure, brownfields, Superfund clean-up, air and water quality, and solid waste management; and, rural and/or small community economic development;
- Diversity in vocational/career background, including private sector/industry experience, agricultural sector experience, professional affiliations; and,
- Demonstrated familiarity with local, regional and national environmental issues, also may be considered.

Please send the nominees' name, full resume, and short biography to Frances Eargle, Designated Federal Officer for the LGAC at Eargle.Frances@epa.gov with subject header of **LGAC MEMBERSHIP 2019** by **March 15th, 2019**.

Thank you in advance for your assistance, and please contact me (202) 564-6312 or Frances Eargle at (202) 564-3115 if you have any questions.

Sincerely,

Britt
